Deputy Chairperson and Head of the Executive Committee of Delovaya Rossiya (Business Russia) Nonna Kagramanyan congratulated MKC Group of Companies Director Maksim Zagornov on being awarded the 2nd Class Medal "For Merit in the Development of the Fuel and Energy Complex."

“This high award is a recognition of your many years of work, dedication to your profession, and significant contribution to ensuring the energy security of Russian enterprises and regions.

Under your leadership, the MKC Group of Companies, the Distributed Power Generation Association, and the Scientific and Technical Center for Autonomous Energy of MIPT are implementing breakthrough projects and introducing numerous innovative solutions that contribute to the development of Russia’s energy sector.

I am confident that you will continue to take a responsible approach to the formation and support of the country’s energy framework, which ensures the uninterrupted operation of the most important enterprises of our nation,” the letter states.

Delovaya Rossiya (Business Russia) is one of the largest public organizations in the country, bringing together more than 10,000 entrepreneurs — owners of small,

medium, and large businesses across Russia. Since 2018, Maksim Zagornov has been a member of the General Council and Chairman of the Subcommittee on Distributed Generation of Business Russia.
