

The MKS Group of Companies presented the mobile power plants' capabilities at the International Exhibition WETEX-2019 in Dubai

October 25, 2019

The MKS Group of Companies spoke with a great success at the 21st International Exhibition on Water Treatment, Energy Technologies and Environmental Protection of WETEX-2019 as a part of the «Business Russia» mission. The event took place on October 20 - 23 in Dubai and became a constructive platform for direct contacts establishing with the UAE partners. The business mission to the United Arab Emirates was organized by the «Business Russia» Ambassador in the UAE, CEO at the MKS Group of Companies Maksim Zagornov.

The Russian enterprises' stand aroused great interest among the participants of the exhibition. In three days about 60 meetings and strategic talks with representatives of the UAE business and authorities took place at the «Business Russia» stand. Detailed agreements have been reached to develop joint projects in the Arab Emirates.

One of the main strategic objectives of this trip was presentation of the MKS Group of Companies on an authoritative platform - WETEX exhibition - the largest exhibition representing all the most modern world technologies in the field of energy supply, water supply and ecology. This year WETEX was attended by more than 2 500

exhibitors and 10 000 delegates from 50 countries.

Only in 3 days of operation of the «Business Russia» joint stand over 60 business meetings and strategic negotiations took place. Maksim Zagornov presented the capabilities of the business association and of the MKS Group of Companies to the Vice President of the Dubai Electricity & Water Authority (DEWA) Dr. Yousef Ebrahim Al-Akraf; Sultan Al-Owais, Chairman of the Sharjah Chamber of Commerce and Industry; the Director-General of the Municipality of Dubai Hussein Nasser Lootah; Ibrahim Ahli, Director of the Department of Economic Development of Dubai (DED); The Director of the Fujairah Free Economic Zone Sharif Al Awadhi; Ara Melikyan - Russian Trade Representative to the United Arab Emirates et al.

According to Maksim Zagornov, the United Arab Emirates is very interested in building long-term relations with the MKS Group of Companies as the leading engineering company constructing the mobile power plants. Arab business is ready for the development of joint production in the UAE, specialized in power plants' packaging, and for other forms of cooperation. the free economic zones of Sharjah and Fujaira are ready to provide special favorable conditions.

Maksim Zagornov highly appreciated the outcomes of this visit, resulted in strategic agreements. It is now a matter of fast development of established contacts and implementation of joint projects.
